2. Without using prepared mixture of ingredients.

Looking for a mischievously good time? You've found it here at **LUCKY DEVILS**.

Our restaurant offers all you burger, pizza, and BBQ lovers a new concept in dining – we call “scratch.” We wish we could say we came up with the concept, but it was born long ago by our ancestors in the days before food was processed and packaged.

What does that mean for you? It means we only use the freshest, organic and locally grown ingredients, whenever possible. Our beef is 100% grass fed, meaning we only prepare the good stuff. We believe that food tastes best when it is made from wholesome ingredients free of antibiotics, pesticides, and hormones.

We know you beer lovers will be impressed with our eclectic beer selection that offers 14 taps, regional artisans, and a list of 30+ bottles of Belgium

and Euro beers. Our wine list was hand picked by Lucky to showcase and complement the rich flavors of the food.

Open 7 days a week, **LUCKY DEVILS** takes classic American foods and great beers to a whole different experience. Come back and try us for a quick lunch, dinner, or late night meal – and our happy hour is sure to please.
